

Questions- 10'x10' Viewing Area

- **Q: What is the 10' x 10' area in front of the grandstands?**

A: This was a new addition to 300 Raceway in 2025, as we're always looking to enhance the fan's pulling experience! In 2025 300 Raceway added **FORTY** - 10' x 10' reserved areas located behind the track's catch fence and in front of the grandstands. These were extremely popular in 2025 and expect to sell out quickly.

- **Q: How can I reserve this 10' x 10' area?**

A: Visit the IHRA Ticketing App and add them to your cart.

- **Q: What is the cost of this area?**

A: The total cost for 2 days is \$352(+ fees). This guarantees you a 10' x 10' space directly behind the catch fence area and 6GA tickets for the event each night.

- **Q: What can I bring into the area?**

A: Fans are encouraged to bring chairs, blankets, and friends to enjoy the up-close pulling action. Please note the area consists of a mix of gravel and blacktop. All food and beverages must be purchased from 300 Raceway. However, you're welcome to bring a small, empty soft-sided cooler to stock up on ice-cold beverages once inside—so you won't miss a moment of the action!

- **Q: What items are NOT ALLOWED in the area?**

A: To maintain a great fan experience, tents will not be allowed. If you need sun protection, you may bring a chair with an attached small sunshade, but no standalone tents. 300 Raceway reserves the right to update these rules throughout the pulling weekend to ensure everyone has an unobstructed view of the event.

Reminder: No outside food or drinks ("carry-ins") are permitted. If 300 Raceway determines that this rule has been violated, you will forfeit your reserved area for the remainder of the weekend.

We're excited to offer this new area for our fans! Respect and courtesy toward fellow pulling fans in nearby spaces will be a top priority. Security will be present in and around the area throughout the 2026 Farley Nationals Truck and Tractor Pull to help ensure a positive experience for all. Any questions please reach out to 300raceway@gmail.com
